

› Kuranda Bench

Kuranda Bench with Daintree Table

› Features

Standard Length: 1800mm length

Plank: Kwila Timber

Frame and Legs: Available in flange/core leg style. Cast aluminium - powdercoated to choice of DULUX® colour

Fixings: Supplied with 316 s/steel anti vandal fixings

› The Kuranda bench is a simple, clean looking seat utilising natural Kwila timber planks with subtle contouring to the front of the seat. The Kuranda bench is constructed utilising heavy duty, plantation sourced Kwila timber slats with powder coated die cast legs, ensuring it will stand out in any natural open space. The high grade timber requires a periodic coating with an outdoor oil to maintain its beautiful natural warmth.
