

# Capability Statement

We are focused on beautiful and functional products for any urban setting.

## Overview

Terrain Group is a dynamic and solutions-focused company specialising in delivering high-quality outcomes across landscape, urban, and outdoor environments. We combine design insight, technical expertise, and practical delivery to create spaces that are functional, durable, and visually impactful.

## Our Capabilities

### Landscape & Urban Solutions

We design and deliver innovative landscape and urban environments that enhance public and private spaces. Our work integrates aesthetics with functionality, ensuring long-term usability and appeal.

### Project Delivery

From concept through to completion, Terrain Group provides end-to-end project management. We ensure projects are delivered on time, within budget, and to the highest standards.

### Outdoor Infrastructure & Furniture

We source and deliver premium outdoor furniture and infrastructure solutions suited to modern environments, including public spaces, commercial developments, and residential projects.

### Design Collaboration

We work closely with architects, designers, councils, and developers to bring concepts to life, ensuring seamless integration between vision and execution.

## Key Strengths

- Strong industry knowledge and technical expertise
- Commitment to quality, durability, and design excellence
- Collaborative, client-focused approach
- Reliable project delivery and attention to detail
- Access to leading global and local product solutions

## Industries We Serve

- Local Government & Councils
- Property Developers
- Architects & Landscape Architects
- Commercial & Retail
